9th World Water Summit & Expo 2025

1st-2nd July 2025 | NDMC-Convention Centre,
Parliament Street, New Delhi-India

Theme :

**Water Security and Innovative Water Solutions for
Sustainable Growth Towards Net Zero**

Invitation

Dear Colleagues:

With the phenomenal success of 8th World Water Summit & Expo 2024 where national & international delegates, dignitaries and speakers participated in the summit during 1st - 2nd August 2024 at New Delhi, India. The summit was supported by Ministry of Jal Shakti, Government of India, NITI Aayog, NABARD, Sulabh, Jain Irrigation Systems Limited and many national and international organizations. We are delighted to announce that **Energy And Environment Foundation** would be organizing **9th World Water Summit & Expo 2025** from **1st to 2nd July 2025** at **NDMC-Convention Centre, Parliament Street, New Delhi, India**. Theme of the Summit is **"Water Security and Innovative Water Solutions for Sustainable Growth Towards Net Zero"**.

The summit will focus on Synergies between water security and economic prosperity, finance and technology to deliver clean and safe water solutions for both industries and utilities. The summit will bring the collective intelligence of stakeholders, exchange knowledge, latest technologies and also the acumen of visionary speakers in an effort to catalyze collaboration between the public & private water utilities, technology providers, financiers, industrial end-users, associations in addition to water, agriculture-food-beverage and sanitation agencies.

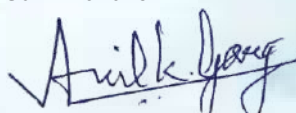

The World Water Summit is the global annual event dedicated to advancing trends, strategies and developments in Drinking Water Sanitation & Agriculture and Irrigation, Waste-Water Management, Conservation and Reuse, Water Sustainability - Harvesting – Conservation, Innovative R&D Solutions and Quality Management, Water Desalination, Water Education, Skill and Training, Technologies for Water Rejuvenation, International Cooperation for the water sector. The World Water Summit brings together global investors, leading technology providers, innovators, manufacturers and suppliers to showcase the latest solutions in the sector.

9th World Water Summit offers all participants an opportunity to benefit from Plenary Lectures, Keynote Addresses, Review and Forecast Papers, Poster Presentations, World CEO's Leadership Forum and Panel Discussions by eminent policy-makers, scientists and technologists, in the Conference segment. The Exhibition segment will provide a window for the exposition of the latest developments in equipments, products, technologies and services in the water industry.

We cordially invite you and your peers to contribute to the summit and participate in the Expo. Your presence and valued participation is key to the success of the 9th World Water Summit 2025.

Look forward to welcome you and your spouse at New Delhi for a stimulating exhilarating professional experience at **9th World Water Summit 2025**.

Best regards.

Dr. Anil K Garg
President, World Water Summit

Call for Papers

9th World Water Summit 2025 is now accepting abstracts. Submit your abstract of original paper in 150-200 words by **May 31, 2025** and take advantage of this opportunity to share your insight with the experts, focus on the sustainable water solution. Papers are invited online (www.worldwatersummit.in) to present global best practice, advances in fundamental science, innovative research, policy developments, and solutions to challenges faced by water professionals worldwide on following sector:

- ◆ New Water Technologies and Innovations
- ◆ Water Utility Management
- ◆ Utility Efficiency and Benchmarking (including leakage and water loss)
- ◆ Create new, inspiring solutions to solve the world's water challenges
- ◆ Water & Wastewater plant performances & optimization approaches
- ◆ Create new, inspiring solutions to solve the world's water challenges
- ◆ Sustainable Management Waste Water and its Reuse
- ◆ Utilities striving towards energy carbon neutral urban water services
- ◆ Interactions of utilities with city / local and state government agencies
- ◆ Delivering Water from Source to Tap
- ◆ Water management in
 - Agro Industries/Food industries
 - Chemicals & Pharmaceuticals
 - Energy production in oil & gas Industries
- ◆ Research, Innovation, Technology
- ◆ Effective and Efficient Wastewater Management
- ◆ Large Wastewater treatment plants - design, operation, economics
- ◆ Decentralized wastewater treatment
- ◆ Modelling treatment processes and systems
- ◆ Challenges and Opportunities : Waste Water Management and Resource
- ◆ Drinking Water & Potable Reuse
 - On-line Monitoring (data management, validation)
 - Drinking Water Treatment (disinfection, ozone, activated carbon)
 - Drinking Water Low Cost Solutions (storage & household water treatment)
 - Water Safety
- ◆ Sustainable Water Supply
- ◆ Solutions for optimizing water and wastewater systems at the urban scale
- ◆ Water Desalination
- ◆ Water Conservation
- ◆ Rainwater Harvesting
- ◆ Smart Water Management
- ◆ Efficient Water Management in Cities
- ◆ Sustainable Development and GDP: Challenge or Dilemma
- ◆ River Restoration and River Connectivity
- ◆ Water Quality and Health
- ◆ Water Trading
- ◆ Solar Pumping for Irrigation
- ◆ Improve Irrigation and Energy Efficiencies
- ◆ Future trend of agricultural model in Developing countries
- ◆ Corporate Social Responsibility (CSR) and Commitment towards safe and clean water for society

To Improve your Chance of Success, Consider the Following Criteria:

- ◆ Ensure that your paper fits the thematic tracks and that it's relevant for experts and non-experts.
- ◆ Submit original content. Describe breakthrough technology, new concepts, novel applications of established concepts or improvements to existing theories (with new supporting data).
- ◆ Ensure that the work is well developed. If you can show concrete results that are well supported by data, your paper is more likely to be accepted.
- ◆ Clearly show how significant your work is. Your research must be relevant for the world, region or for other researchers and/or professionals working in your field.
- ◆ Prepare your outline with care, organise your material well, write clearly in plain English, prepare your graphics professionally, and make sure your information is accurate, up to date, and referenced.

The Summit Aims to:

- ◆ Provide an opportunity and open forum to exchange information, share experiences and best practices by bringing together experts, investors and other multi stake holders of public and private sectors, advisory groups, governments, NGOs, non-profit organizations, environmentalists and academia.
- ◆ Focus on the opportunities for private equity and venture capital in cleantech water companies as well as a detailed review of the latest technologies likely to create a sharp change in the industry, plus examination of the prospects for financing the scale-up of these game changing innovations and the rapid growth of water solutions across the world.
- ◆ Towards building the digital water ecosystems.
- ◆ Provide a comprehensive analysis of problems and prospects of clean and safe water Solution.
- ◆ Provide in-depth assessment of regulatory framework.
- ◆ Provide an International window to showcase Indian expertise, capabilities.
- ◆ Promote Global co-operation in business and technology.
- ◆ Provide an opportunity for interaction and networking.
- ◆ Find ways for optimal use of water resources for the benefit of mankind.

Key Issues

'Water...and billion of people' is the subject of the World Water Summit. How do we achieve a safe, clean and sustainable water future?

- ✓ How do the water resources developing in the future?
- ✓ What is the outlook for the Water Market?
- ✓ What is the future of clean and safe water?
- ✓ Role of safe and clean Water for Economic Growth?
- ✓ Nature based solutions for Water Challenges?
- ✓ Digital technologies in the Water Utility and Supply Chain?
- ✓ Water Desalination Technology

Thought Leadership Summit Special Interactive Group (SIG)

(By Invitation)

Digital Transformation in Water Sector

The Exhibition will:

Focus on Innovative Technologies, Equipments and Services to:

- ◆ Showcase India as an potential investment destination for water sector.
- ◆ Gain competitive advantage
- ◆ Digital Water Solutions
- ◆ RO Systems & RO Plants
- ◆ Provide a platform for State-of-the-art technology displays
- ◆ Water Conservation & Efficient Water Pumps
- ◆ Reach buyers and demonstrate technology leadership
- ◆ Display Research & Development in the areas of clean and safe water technologies.
- ◆ Demonstrate the sectoral strength of the global water industry.
- ◆ Facilitate buyers
- ◆ Build the brand and sellers match making
- ◆ Create interest in Young Researchers
- ◆ Provide exposure for rural development and Water Irrigation
